

FIND A NURSERY PLACE:

You can find all of the nurseries in Herne in the nursery navigator. This is where you can inform yourself about the nurseries on a single website and reserve a place in your desired facility.

Here's how it works:

1. **Look for a nursery**
2. **Choose up to three nurseries**
3. **Enter personal data and register**
4. **Check and confirm data**

You can check the status of your registration online if desired. To this end, you receive your own personal access to a password-protected area. You also receive messages such as an invitation to familiarise yourself with a nursery or confirmation of a place here too. If you prefer, this information can also be sent to you by post.

Parents who do not have internet access can reserve a place in the nursery of their choice or make an appointment for advice in our service centre in the family office. It is also possible to reserve a place under certain conditions as part of the welcome visits to the family office.

THE SERVICE-STELLE KITA-NAVIGATOR (NURSERY NAVIGATOR SERVICE CENTRE) WILL BE HAPPY TO ASSIST YOU WITH ANY QUESTIONS

DEAR PARENTS, DEAR LEGAL GUARDIANS,

***Are you looking for a quick and easy way to find a nursery place?
The nursery navigator can help you.***

Education begins in early childhood in Herne. Our nurseries are places where children can learn while having fun and gain early important experiences. The nursery navigator enables you to get an overview of the wide range of care offers in our city. You can choose what is important to you for your child: whether it is a short distance to the nursery, whether you are looking for specific pedagogical concepts, or other wishes are key for you. This central portal enables you to get a comprehensive overview of the nurseries in Herne and find a place that suits your child's needs.

To do this, you simply have to register once and your name is entered for the centralised awarding of all nursery places. You no longer have to put your name on the waiting list in each individual nursery. Awarding places is thus faster, simpler and clearer. We want to offer every child in Herne the best opportunity for a making good start to life.

The nursery navigator is an important building block in achieving this.

Needless to say, you can still make an appointment and familiarise yourself with your desired nurseries on site. Because personal contact is and remains particularly important. The nursery navigator can, however, make selecting a nursery easier for you and thereby make a smooth start possible for you and your child.

Warm regards

Your Lord Mayor
Dr. Frank Dudda
